## An ideal home-from-home venue for an event or retreat

Douai Abbey's attractive, rustic cottages, situated within the beautiful grounds of a Benedictine monastery, have proved increasingly popular in recent years with many student and young adult groups.

With facilities for self-catering, or the option of meals in the guest refectory, our recently refurbished cottages have modern washing and cooking amenities, and ensure a place of peaceful privacy in which to enjoy a comfortable stay in a home from home environment that easily encourages the social side of a retreat or event. Moreover, while providing privacy, including use of a garden, groups may use either St Mary's parish church or the Abbey Church nearby, and are free to participate in the liturgical and prayer life of the monastic community. Further attractions are walks in the surrounding countryside and picturesque views towards Watership Down.

We appreciate that not every one can pay the full amount. If you are in this situation, we simply ask that you give what you can afford. We do, however, depend on contributions from guests to support the life and work of the Community.
